

2022 Medicare Advantage Plans For "Full Duals" (Medicare and full Medi-Cal) Comparison Chart for Contra Costa County

ABOUT THIS CHART

In Contra Costa County, in 2022 five Medicare Advantage plans are designed for persons who have Medicare plus full scope Medi-Cal. These plans provide all Medicare Part A and Part B health care and services. This Comparison Chart is a summary only and may be subject to change.

Medicare Advantage plans are private insurance plans which are approved and subsidized by Medicare. They offer equivalent benefits to Medicare, including drug coverage. These plans may offer benefits in addition to those found in traditional Medicare. Some of those benefits are listed towards the bottom of the chart.

Three plans shown on page 1 of 2 are only for individuals on Medicare (Parts A and B) who also have full Medi-Cal. These are certified as Dual-Special Needs Plans (D-SNPs). If your Medi-Cal eligibility is lost or if you acquire a Medi-Cal share of cost, and you do not regain full Medi-Cal status, you will receive a series of notifications by the plan and be disenrolled after 120 days.

Participants in one of these three D-SNPs have the right to use other Medi-Cal providers for Medi-Cal services not covered by their plan. Special provisions apply to persons with Medicare and Medi-Cal who are in Skilled Nursing Facilities. Contact HICAP for details and assistance.

Two other plans shown on page 2 of 2 of this document are also intended for persons with Medicare (Parts A and B) and full Medi-Cal. These 2 plans are not certified as D-SNPs and do not coordinate the delivery of covered Medicare and Medicaid health services. Individuals enrolled in the QMB program (Qualified Medicare Beneficiary program) but without full Medi-Cal may also join and benefit from the \$0 premium and \$0 copays for most services. If a member of these plans loses full Medi-Cal or QMB status, they have to pay the usual plan premium and copays. If you join one of these plans, it is important to show your Medi-Cal card along with your plan card when you receive services, or you will be asked to make the copays. If you have QMB but not Medi-Cal, be sure to explain this when you receive your services in order to avoid copays. Other individuals eligible to join a Medicare Advantage Plan may join these plans, but they must pay the plan premium and applicable copays.

These plans include prescription drug coverage (Medicare Part D), and pricing shown is for those who are designated as eligible for "Extra Help" by the Social Security Administration. You will pay a small copay for your covered drugs. If you do not have Extra Help, prices for medications are typically 25% of the retail price. Review the formulary (the list of covered drugs) to be sure the plan will cover the drugs you need and whether any special approvals may be required before you can obtain the drugs. You cannot also have a separate stand alone Part D drug plan.
