

Health Coverage Options for Persons with both Medicare A and B and full scope Medi-Cal

What are my options for health coverage?

Medi-Cal Managed Care - When you qualify for full scope Medi-Cal, you are advised you must choose coverage from one of the two Medi-Cal Managed Care Plans: Contra Costa Health Plan or Anthem Blue Cross Partnership Plan.

Once you also qualify for Medicare, you have additional options. For example, you may continue to use your Medi-Cal Managed Care program, and you also have the right to go outside the plan and use the Fee-For-Service (Original) Medicare option following. See below for additional coverage options.

Prescription Coverage - Once you are eligible for Medicare, Medi-Cal will no longer cover your prescription drugs. You must join at least one part of Medicare and get a Part D drug plan to have prescription coverage. You will be eligible for a premium-free drug plan with the lowest co-pays for drugs covered by your plan, \$1.35 for generics and \$4.00 for brand drugs. You may also choose a different drug plan with a discounted premium if that provides better coverage for your drugs.

Fee-for-Service (Original) Medicare - You may decline to join a managed care plan and receive your health care from a Medicare provider outside these plans. If you notify them in advance of your Medi-Cal coverage, it is against the law for physicians to bill you for the portion of the charge that Medicare does not pay. For that reason, some providers may not book appointments for you once you inform them of your Medi-Cal status. It is best to see a provider who accepts Medi-Cal as well as Medicare patients.

You also have other choices:

Medicare Special Needs Plan - You may join a Medicare Advantage Special Needs Plan (D-SNP) for persons with Medicare and full Medi-Cal. In 2022 there are 3 plans available plan in Contra Costa:

- 1) Kaiser Sr. Advantage (Medicare/Medi-Cal Plan)
- 2) Imperial Dual
- 3) Brand New Day Dual Access

Medicare Special Needs Plan (Cont'd) There is no premium and no co-pays for medical services. Prescription Drug coverage is included and costs for covered medications will be \$1.³⁵ for generics and \$4.⁰⁰ for brand drugs. All your medical services will be provided through the plan. If you go outside the plan, you will be responsible for 100% of the charges. You may change your plan once per quarter during the first three quarters of the year. United Health Care Assure and Imperial Traditional Plus plans also offer \$0 premiums and co-pays for persons on full Medi-Cal, but they do not have the full legal benefits of a D-SNP.

Medicare Advantage Plan – You may also join any available “regular” Medicare Advantage plan. These plans do not coordinate with Medi-Cal. Although your premium will be reduced, you will be responsible for any remaining premium. By law these plans are not permitted to charge co-pays for medical services and network doctors cannot refuse to see you because you have Medi-Cal.

Costs for covered prescriptions will be \$1.³⁵ for generics and \$4.⁰⁰ for brand drugs. If you go outside the plan, you will be responsible for 100% of the charges. You may change your plan once per quarter during the first three quarters of the year.

PACE Programs - Program of All-Inclusive Care for the Elderly (PACE) is a Medi-Cal program that helps people meet their health care needs in the community instead of going to a nursing home or other care facility. You may join a PACE program if you are qualified based on your health conditions and residence. PACE programs provide all needed medical care, prescriptions, in-home care, transportation and more at no cost if you have full Medi-Cal. This program is available to qualified residents in western and central Contra Costa County. For more information, call Center for Elders Independence at (510) 433-1150 or check their website at www.cei.elders.org.

What if I receive services from a Community Based Adult Services program (Adult Day Care)?

Unless you are in a Special Needs Medicare Advantage plan, you must join a Medi-Cal Managed Care plan to continue receiving your Community Based Adult Services. If you do not join a Medi-Cal Managed Care plan, you will no longer be eligible to receive these services.
