Special Needs Plans: C-SNPs 2026 Medicare Advantage Plan (HMOs) (Chronic Condition Special Needs Plans)

Comparison Chart for Contra Costa County

ABOUT THIS CHART

The information on the chart is for Medicare Advantage plans available to all individuals who have Medicare Parts A and B with specified severe or disabling chronic conditions. The chronic conditions are Diabetes, Cardiovascular Disorder and Congestive Heart Failure. Two plans shown on the last page are available for anyone to participate, but may only be attractive for those with full Medi-Cal benefits or QMB status.

This Comparison Chart is an abbreviated summary only. The information listed is extracted from each plan's submission to Medicare's Planfinder tool. More detail is available in the "Summary of Benefits", a copy of which is available from the plan via the link at the top in the following chart or from HICAP.

All plans are required to verify the applicant's special needs status. Medicare provides a Special Enrollment Period for individuals who meet the medical criteria established by the Plan. That is all year long except for a short period at the end of the Annual Enrollment period each Fall. Those enrolled in a Special Needs Plan but who are no longer eligible because they no longer meet the specific special needs status will also get a Special Enrollment Period to switch to a regular Advantage plan. The plan must send the appropriate notice to the beneficiary explaining their disenrollment.

SOME RULES FOR ALL PLANS

These plans are Health Maintenance Organizations — HMO's. This means you must use the network providers. Plans contract with physician groups and hospitals listed in this chart. Primary Care Providers must refer you to specialists, and those must be within the same physician network. You cannot use medical services outside the network, except for emergencies.

Always verify coverage details with the Medicare Advantage Plan, including if your preferred physician(s) and hospital are in the plan's network. **Primary Care Physician and Specialists must refer to providers in the same medical group.**

JOINING A PLAN

In addition to the Special Enrollment option when diagnosed with a qualifying condition, if you have Medicare Parts A & B, you may join any of these plans during the Annual Enrollment Period (October 15 to December 7 each year). Coverage starts January 1 of the following year. If you are new to Medicare, you may join during the 7-month period around your eligibility date (usually 65th birthday). There is also a 2-month special enrollment period if your circumstances change significantly, such as losing your employer coverage or moving. You can call the phone numbers on the chart to enroll or more quickly by using the Enrollment Button in Medicare's Planfinder tool. When you enroll, your prior Medicare Advantage or Prescription Drug plan will automatically be canceled when the new plan is effective.

CHANGING PLANS

From January 1 through March 31 of each year, if you are in a Medicare Advantage plan you have the right to change to a different Advantage Plan or to Original Medicare with a separate Prescription Drug plan. And you can change plans in the Annual Enrollment Period in the Fall (October 15 to December 7) for a January 1 effective date.

SOME CONSIDERATIONS FOR CHOOSING A PLAN

- 1. Does the plan cover your favorite doctors and hospitals? Note: For HMO's the Primary Care Physician and Specialists must belong to the same medical group (also known as IPA Independent Practice Association). The following chart has links to each plan's provider lookup to help you ensure your provider participates in the plan you select.
- 2. What is the monthly premium (in addition to Medicare Part B)?
- 3. What are the co-pays and deductibles for the services you need, such as doctor's visits, surgery, and chemotherapy? What is the out-of-pocket maximum that limits what you might have to pay for medical costs (excluding drugs and premiums)?
- 4. Does the plan cover your specific prescription drugs? Use Medicare's Planfinder tool to check. There is a link on the following chart listings. The standard Medicare Part D rules, such as formulary limitations, drug restrictions, coverage phases, etc., apply to all Medicare Advantage plans.
- 5. What are the additional benefits you would like to have and will the plan meet your specific needs (e.g. your dentist or hearing specialist)?

2025 Medicare cost sharing for inpatient hospitalization and inpatient mental health: Deductible \$1,676 for each benefit period. Days (1-60) \$0, Days (61-90) \$419 per day, Days (91 and beyond) \$838 lifetime reserve days. 2025 Medicare cost sharing for skilled nursing facilities: (Days 1–20) \$0, (Days 21–100) \$209.50 per day, (Days 101 and beyond) responsible for all costs.
