

DENTAL VISION AND HEARING RESOURCE LIST

Traditional Medicare has no dental coverage and does not cover eye glasses or refraction exams except after cataract surgery. Hearing services are limited to only an initial evaluation for age related hearing loss.

Medicare beneficiaries who sign up for Medicare Advantage Plans may receive dental, vision & hearing benefits but the coverage can vary between plans. There are Innovative Medicare Supplements (Plans F and G only) which offer Vision and Hearing as Extra benefits. Some regular Medigap insurers offer significant premium discounts if you also enroll in their dental plans.

Contra Costa HICAP has developed a list of Dental, Vision, and Hearing resources. Each resource includes a contact telephone number and website address seen below.

This list is not all inclusive and these services are not endorsed by Contra Costa HICAP but are offered in good faith. It is the responsibility of the consumer to research all medical plans before purchase.

Contra Costa County **Health Insurance Counseling and Advocacy Program (HICAP)**
